*Excludes wear and tear items, and batteries. Applicable only on Genuine Volvo Parts where part is purchased and installed by an authorised Volvo workshop. For full T&Cs visit volvotrucks.com.au

Volvo Trucks. Driving Progress

HEAVY FACTS

Genuine Volvo Parts

Brake Pads

Genuine Volvo brake pads are designed for optimum brake performance with low noise level, absence of vibration and long service life using a selected adhesive between back plate and friction material that provides maximum mechanical strength.

FEATURES AND BENEFITS

- Pad friction material to Volvo specification, incorporating centre groove and chamfered edges to inhibit cracking and damages on products around the wheel. Also reduces vibration and noise for safe and smooth operation.
- The right pad for the right vehicle type, weight and operation. Specifications meet all Volvo brake testing criteria to ensure all brake components work together for longer life and reduced overall running costs.
- Pad back plate – tailored to match caliper which keeps repair time down.
- Fade free to be able to maintain braking effort.

Air Dryer Cartridges

The APM2 (Air Production Modulator, generation 2) is the system used to treat, distribute and regulate the compressed air intended for the braking circuit and auxiliary equipment.

Quality assured according to Volvo Standard.

FEATURES AND BENEFITS

- Casing made of robust steel plate. Stands up to tough conditions as pressure fluctuates between 0 and 12.5 bars.
- Pollutants and the oil & water droplets are separated mechanically to make the air dry and clean. Guarantees safe brake functions, good suspension comfort and an overall reliable compressed air supply.
- The grains feature a porous structure, with microscopic recesses with an active surface of up to nearly 500,000 square metres. Very efficient capture of particles and water.
- Granulates are perfectly round. Absorption capacity up to 150g of water.
- One extra coalescing filter added for oil particle and moisture removal.

FITTED & DOUBLE
THE WARRANTY!**

2 YEARS WORRY-FREE

We are now offering a full 2 years / 500,000km warranty* on fitted parts, when that part is installed by an authorised Volvo workshop.

See it as a warranty on your business.

*Excludes wear and tear items, and batteries. Applicable only on Genuine Volvo Parts where part is purchased and installed by an authorised Volvo workshop. For full T&Cs visit volvotrucks.com.au

**BACK ON THE
ROAD WITHIN
8 HRS**

**OR WE PAY YOU.*
THAT'S WHY OUR
UPTIME PROMISE
IS WORTH ITS
WEIGHT IN GOLD.**

A new addition to our Gold Service Agreement, the Volvo Uptime Promise is our promise to deliver maximum uptime to your business.

If you experience an unplanned stop, we promise to have you back on the road within 8 hours – from anywhere within Australia. Yes, you read right. Anywhere in Australia. If it takes longer than 8 hours, we start compensating you. It's gold.

If uptime counts, choose Volvo Trucks.
VolvoTrucks.com.au/uptimepromise

*Available to customers with Gold Service who elect to receive the Uptime Promise Compensation ('Compensation'). Exclusions apply to certain types of breakdowns. Full terms and conditions available at volvotrucks.com.au. Truck not available for purchase as pictured. Volvo reserves the right to modify or change this offer.

Keep your classic Volvo truck 100%.

At Volvo, we're proud our trucks are built to last. We also believe that you should never be at a disadvantage when it comes to extending their life cycle. We understand that when a model is phased out of production, they're still very much in use.
